WELCOME TO THE ON-LINE TIME REPORTING SYSTEM

We believe you will find the technology for entering time to be a resourceful way to report your daily time and have it approved. It will also be a mechanism for maintaining and reviewing your history, and viewing your pay date information.

ENTERING, SAVING, AND APPROVING YOUR TIME

It is suggested that you enter and save your work hours each day. However, you can go into the system any time you have internet access by the specified deadlines.

At the minimum, your time needs to be entered weekly. To insure payment during the current pay period, you will need to have your weekly time in the system and saved by 9pm on Monday of the following work week.

Any time reporting that you have entered and saved can be reviewed, and potentially approved, by your manager within a few hours. The sooner you enter your time, the more time your manager has to review and resolve any questions regarding your time entry. Payroll is not responsible for time that is not entered into the system by the deadline listed above.

You are only to enter time that has been worked. If time entered does not accurately reflect your work, it may result in action by the College.

Staff not entering their time by the deadline must discuss the situation with their supervisor. No extraordinary steps will be taken to pay time not submitted via the electronic time entry by the deadlines published.

If you require special accommodations, please complete the form requesting consideration, located at this link: http://intranet.matcmadison.edu/forms-db/forms/MATCAccommodationRequestForm.doc or by calling the Human Resources office at (608) 246-6900.
Logging On

Follow these four steps to log on to the system:

1. From the Madison College home page:  http://madisoncollege.edu/  
   click on: myMadisonCollege

2. Fill in your User Name and Password. (Upper or Lower Case). This is the same Id and Password you use to log into any MATC Computer. Click ‘Sign In’
   If you have not established your Network ID (or are unsure) please click on “New Employee? Set up Access Now” and follow the directions given.

Under ‘Compensation Launch Pad’ you will see documents or Links. By clicking on the Link, you will be taken to an area that will answer many of your questions regarding Time Entry. Please utilize this information if you have questions or issues on your time entry before calling staff for additional help.

3. Click Compensation Launch Pad
4. Click the down arrow next to Go, and click ‘Timesheet’. Click GO

If you have multiple jobs with the College, all jobs will be displayed. Click on the Job Description (in blue) to select the Job you wish to report time to. If you only have one job with the College, you will not view this page.
You may find it helpful to view the screen fully. To achieve this, click on the minus sign in the left hand menu column.

If you wish to again view the Menu column, simply click on the menu icon and it will redisplay.

**DATE** field:
Select the date you wish to begin reporting time within the current pay period. Any day of the week can be used as a start date for reporting time. **YOU MUST click on REFRESH after modifying the Date.**

The dates displayed in the Dark Blue Bar area are the dates for which you can enter your time.

You may click the Previous Week or the Next Week buttons if you wish to change the Week Beginning date by one-week increments. If you have entered data, be sure to click Submit before navigating to another week so that your entered data is Saved.
TIME ENTRY FIELDS

You may see a scroll bar at the bottom or right side of the page. Using your mouse, click on the scroll bar at the bottom of your page and guide the bar over to the right. You will then see the far right side of your timesheet as well, as shown below:
Select a **Time Reporting Code (TRC)** by clicking on the down arrow. You have the following options:

### CASUAL EMPLOYEES:

- **Base Hourly Casual – MRGB3**: To be used for your regular work hours.
- **Filling Vacancy or LOA – MRGB4**: To be used if directed by your supervisor. This is for additional work hours performed due to another staff being on LOA (Leave of Absence) or due to a vacancy in the Department.

### STUDENT HELP EMPLOYEES:

- **Student Help – MSH**: To be used for your regular work hours.
- **Student Help OT – MSHOV**: This is ONLY APPLICABLE to student workers who are required to work when the building is officially closed on Holidays/Holiday Weekends.

Type in your work time under the correct headings.

**Always** end your entry with an ‘a’ or ‘p’ (for a.m. or p.m.)

**All time must end in .00, .15, .30 or .45** (minutes to the nearest quarter hour)

The TRANSFER column should remain empty unless you are changing between the two Time Reporting codes without a break in work.

The Quantity area is Not Applicable.
Notice the Plus and Minus Icons to the far right. By clicking on these icons, you may either add or delete a line. The line added will indicate the same date. See the example BELOW showing the results after clicking on the PLUS sign on the 8/17 date:

**Combo Code:** This represents the accounting area where your time is charged. By clicking on the magnifying glass, you will see your options. You office support staff/supervisor will direct you on your selection.

An additional line is created for 8/17. If you need to report time under two Time Reporting Codes (TRCs) for the same date, you now have the ability to do so, as shown BELOW. You may also add multiple lines for the same date if you need to make additional In and Out entries.
Use “In” to record the start of your work period, “Out” to record the end of your work period. You can have several ‘In/Out’ punches within one day. Do not use ‘In/Out’ punches to show paid break periods, if applicable. Be sure to indicate AM or PM.

Example:

Click “OK” when your entries are complete. Totals will then be shown in several areas. REVIEW THE TOTALS displayed to verify they are accurate.
**TIME SUMMARY AND COMPLETION**

**SUBMIT**

*Once you push SUBMIT, the time is saved.* If you are still within the entry deadline (page 1), you may change the time as often as you need. Each time you push SUBMIT, it will replace the prior entries.

Every hour the system will process submitted time. After processing, your manager will be able to review.

**LOGGING OFF**

Remember, you are logged into the Launch Pad through the Portal, called *myMadisonCollege*.

After you complete entering and/or reviewing your time, you should select **SIGN OUT** at the top right of the page, and then ‘X’ out of the screen that follows. For security purposes, it is suggested you sign out of your session as soon as you are complete.

If you choose to go back into the time entry system after closing out, and you still have an active *myMadisonCollege* session, you will need to re-log into *myMadisonCollege*. By selecting **SIGN OUT**, as shown below, you can log back in, and then go into Compensation Launch Pad to access your time once again.

**TROUBLE SHOOTING**

Allow yourself time to get used to this system. Navigate through the options as you have time. With repeated usage your comfort with the system will increase. If you are unsure of where you’ve navigated to, simply start over following the instructions.

1. **Accessibility:**
   A. If you receive an error while trying to navigate, begin the log in process again from the Madison College home page, [http://myMadisonCollege.edu](http://myMadisonCollege.edu)
   
   B. If you have further trouble logging in, try rebooting your work station
   
   C. If, after trying A&B you still have trouble logging in, call the Help Desk staff at 246-6666.

2. **Data Entry:**
   A. If you come to a situation in which you have an error pertaining to your time entry, modify your entry based on the error message you receive.
   
   B. If you still experience trouble, try deleting the row(s) and start again

   Begin by entering the Week Beginning date and clicking on ‘Refresh Date’.
