

Congratulations to our 2022 Madison College graduates

Dear Graduates:

The recent flurry of reminders, to-do list items, final exams and graduation plans is now in the past. This evening, as you proudly don your cap and gown and collect your college diploma, savor the present moment — you are now a college graduate.

I am honored to share this moment with you. Your family, friends, mentors and instructors take great pride in you and your accomplishments. Your pursuit of a higher education represents the hopes and dreams of many. All of us at Madison College have high hopes for your future.

Every student who attends Madison College does so with a motivation that is unique to them. Yet you all share something in common. You possess determination, grit, a vision for your life and an understanding of the benefits a college education affords you, your family, our workforce and our community.

Each of you is now an ambassador for higher education. You are already an inspiration to your loved ones, your peers and the instructors who taught you. Encourage others to keep learning, to keep setting goals and to lift others up so that they may do the same.

Tonight, you join the proud ranks of Madison College alumni. I trust you will be an influential champion of the college, and a symbol of the values for which we stand. May the sense of purpose that led you to this day prosper, thrive and evolve throughout your life and your career.

Congratulations on this significant achievement. Your future holds great promise and I wish you all the best in your professional and personal endeavors.

WTCS State Ambassador

Kayne Whitney

Liberal Arts Transfer – Arts & Humanities Program

Kayne Whitney was born and raised in Waunakee and came to Madison College right out of high school when he graduated 2021. He is enrolled in the Liberal Arts Transfer – Arts & Humanities program and intends to transfer to UW-Madison to study anthropology.

In his spare time, Kayne is an avid archer and pole vault athlete. In high school he fell in love with human history and has always enjoyed being outside and exploring, which is what draws him to anthropology.

Student Speaker

Lisa Marie Lindert

Legal Studies/Paralegal Program

Lisa Lindert is graduating with an associate degree in the Legal Studies/Paralegal Program. After raising her family and working in healthcare for twenty years, she decided to earn her first college degree and change careers. After graduation, Lisa plans to begin her paralegal career in local or state government.

Lisa joined the Student Senate as a representative for the Watertown Campus and then served two semesters as the Vice-President for Team Development. She has completed two Honors Program projects, the first on blockchain smart contracts and the second on people with disabilities who are victims of crime. Additionally, Lisa was chosen from a nationwide search to attend an e-discovery legal conference in Chicago this fall. She feels that the variety of advanced learning and leadership opportunities at Madison College have provided her with skills and knowledge, beyond her program requirements, that will be beneficial in all future endeavors!

Lisa and her family reside in Watertown. In her free time, Lisa enjoys reading, hiking, traveling, and attending musical theater productions.

Student Senate President

Wendpanga Wilfried Tapsoba

Liberal Arts Transfer Program

Wendpanga Wilfried Tapsoba is from Burkina Faso. He is a first-generation student in the Liberal Arts Transfer program at Madison College and plans to major in computer engineering after he transfers. With this degree, he hopes to create medical devices to improve the health care system in Africa and the agricultural domain using drones and automatic systems to facilitate the work of farmers and provide healthy food to the population. Prior to starting his studies at Madison College, he taught English as a second language in his home country. In his free time, he enjoys giving back to his community through volunteerism.

ACADEMIC REGALIA

As we know it, academic life began first in the church, then in the guilds. The teaching guild was the Guild of the Master of Arts, where the bachelor was the apprentice of the master, and the dress was the outward sign of privilege and responsibility.

Although the flowing gown was originally worn for protection against the cold of unheated buildings, it has now become a symbol of the democracy of scholarship, since it covers any dress of rank or social standing worn underneath. The bachelor's gown has pointed sleeves, the master's gown has oblong sleeves with an arc at the bottom, and the doctor's gown has bell-shaped sleeves. The bachelor's and master's gowns are untrimmed.

The doctor's gown is faced down the front with velvet and has three bars of velvet across the sleeves. The facing or bars may be black or another color pertaining to the discipline.

The hood gives color to the academic costume while its length indicates the wearer's academic degree. Hoods are made in a wide panel of black cloth matching the gown, and are lined with satin in the official academic colors of the institution where the degree was conferred.

The colors are used in the edging of hoods, and in some cases for the trim of the doctor's gowns associated with the discipline.
