

Intent to Enroll in Nursing Assistant Program

Student ID: _____

Student Name: _____

Term _____

Completion of this form and submission to the GHC clinic will provide you access to TB screening that is required to enroll in the Nursing Assistant Program. The GHC clinic is located in the Health Education Building (1705 Hoffman St, Madison) room 151A and can be reached at 608-441-3220.

Tuberculosis (TB) Screening (this is an annual requirement): The due date is set for one year. These results are never included in Wisconsin Immunization Registry records, as they are a screening, not a vaccine.

The following TB screening is required to enroll in the Madison College Nursing Assistant Program.

- 4-appointment (“2-step”) skin test. This requires a minimum of four office visits; dates placed, dates read, and results documented by Group Health Cooperative.

The School of Nursing grants the above student permission to schedule an appointment with Group Health Cooperative clinic at the Truax Campus to complete required TB Screening in order to enroll in the Nursing Assistant Program.
