**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

District Board  
Madison Area Technical College District  
Madison, Wisconsin

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and the fiduciary activities of the Madison Area Technical College District (the District), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 6, 2023.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

***Purpose of This Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District’s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND MAJOR STATE PROGRAM, REPORT ON INTERNAL CONTROL OVER COMPLIANCE, AND REPORT ON THE SCHEDULES OF EXPENDITURES OF FEDERAL AND STATE AWARDS REQUIRED BY THE UNIFORM GUIDANCE AND THE WISCONSIN STATE SINGLE AUDIT GUIDELINES**

District Board  
Madison Area Technical College District  
Madison, Wisconsin

**Report on Compliance for Each Major Federal and Major State Program**

***Opinion on Each Major Federal and Major State Program***

We have audited Madison Area Technical College District's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* and the *State Single Audit Guidelines* issued by the Wisconsin Department of Administration that could have a direct and material effect on each of Madison Area Technical College District's major federal and major state programs for the year ended June 30, 2023. Madison Area Technical College District's major federal and major state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, Madison Area Technical College District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal and major state programs for the year ended June 30, 2023.

***Basis for Opinion on Each Major Federal and Major State Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and the *State Single Audit Guidelines* issued by the Wisconsin Department of Administration. Our responsibilities under those standards, the Uniform Guidance, and the *State Single Audit Guidelines* are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Madison Area Technical College District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and major state program. Our audit does not provide a legal determination of Madison Area Technical College District's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Madison Area Technical College District's federal and state programs.

***Auditors' Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Madison Area Technical College District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and the *State Single Audit Guidelines* will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Madison Area Technical College District's compliance with the requirements of each major federal and major state program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and the *State Single Audit Guidelines*, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Madison Area Technical College District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of Madison Area Technical College District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and the *State Single Audit Guidelines*, but not for the purpose of expressing an opinion on the effectiveness of Madison Area Technical College District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

**Other Matters**

The results of our auditing procedures disclosed an instance of noncompliance, which is required to be reported in accordance with the Uniform Guidance and *State Single Audit Guidelines*, and which is described in the accompanying schedule of findings and questioned costs as item 2023-001. Our opinion on each major federal and major state program is not modified with respect to this matter.

*Government Auditing Standards* requires the auditor to perform limited procedures on Madison Area Technical College District's response to the noncompliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. Madison Area Technical College's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

**Report on Internal Control Over Compliance**

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, we did identify certain deficiencies in internal control over compliance that we consider to be significant deficiencies.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2023-001, to be a significant deficiency.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

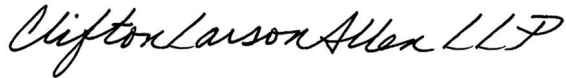

*Government Auditing Standards* requires the auditor to perform limited procedures on Madison Area Technical College's response to the internal control over compliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. Madison Area Technical College's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and the *State Single Audit Guidelines*. Accordingly, this report is not suitable for any other purpose.

District Board  
Madison Area Technical College District

**Report on Schedules of Expenditures of Federal and State Awards Required by the Uniform Guidance and the *State Single Audit Guidelines***

We have audited the financial statements of the business-type activities and fiduciary activities of Madison Area Technical College District as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise Madison Area Technical College District's basic financial statements. We have issued our report thereon, dated December 6, 2023, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedules of expenditures of federal and state awards are presented for purposes of additional analysis as required by the Uniform Guidance and the *State Single Audit Guidelines* and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedules of expenditures of federal and state awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

- Significant Deficiency in Internal Control over Compliance
- Other Matter

**Criteria or specific requirement:** Institutions are required to certify enrollment information under the Pell grant and the Direct and FFEL loan programs via the National Student Loan Data System (NSLDS), at a minimum of every 60 days (OMB No.1845-0035). Institutions are required to design and implement internal control structures to ensure compliance with requirements of assistance programs (2 CFR 200.303).

**Condition:** During our testing, we noted four of 40 students selected for testing did not have enrollment properly reported to NSLDS within the required reporting window. This included one instance in which the District failed to certify enrollment.

**Questioned costs:** There are no questioned costs.

**Context:** A statistically valid sample of 40 students was selected for testing of the institutional enrollment records for comparison to NSLDS records, as required by the Department of Education. Four of the students selected for testing were found to not have been certified within the required reporting window.

**Cause:** During the reporting window, the District changed between allowable reporting groups or models. Under the new reporting group some programs that were not included in the prior reporting group were not properly recognized in initial certification transmissions. This resulted in one enrollment certification reports being rejected, impacting three of the students selected for testing. The College worked with National Student Clearinghouse (NSC) to resolve the issue, but the report was finalized after the applicable reporting period for the students ended. In addition, one of the students selected for testing had withdrawn and re-enrolled for a future term in the subsequent academic year. The reporting submitted to NSLDS through NSC excluded this student from the enrollment reports as the enrollment term did not align with the reporting term.

**Effect:** There is a risk that students have the incorrect enrollment status, which can result in improper financial aid amounts being awarded.

**Repeat finding:** No

**MADISON AREA TECHNICAL COLLEGE DISTRICT**  
**SCHEDULE OF FINDINGS AND QUESTIONED COSTS**  
Year Ended June 30, 2023

**Recommendation:** We recommend that the District design and implement controls to ensure reporting to NSLDS are designed to capture all enrolled students and programs offered by the District.

**Views of responsible officials:** There is no disagreement with the audit finding.

---

**Section IV – Other Issues**

---

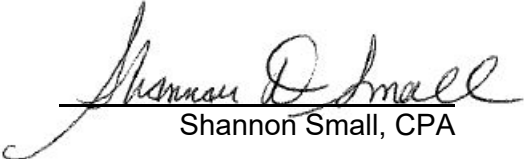

Does the auditors' report or the notes to the financial statements include disclosure with regard to substantial doubt as the auditee's ability to continue as a going concern? No

Does the auditors' report show audit issues (i.e. material noncompliance, nonmaterial noncompliance, questioned costs, material weaknesses, significant deficiencies, management letter comments, excess revenue or excess reserve) related to grants\contracts with funding agencies that require audits to be in accordance with the State Single Audit Guidelines:

    Technical College System Board: No

Was a management letter or other document conveying audit comments issued as a result of this audit? No

Name and signature of Director:

  
Shannon Small, CPA

Date of report:

March 8, 2024
