Madison College Risk Management & Insurance Students are holding a **Mock Trial** on Thursday, February 20, 2014. This interactive, audience participating course has been approved for 3 Wisconsin Intermediary Continuing Education Credits. Martha Lester-Mittenzwei, MBA, CIC, AAI, AIC, leads the session.

The program is built around an actual trial where two building owners were charged with manslaughter as the result of a fire that took 146 lives. Was it arson or an accident? After briefing by the (students) attorneys, attendees will participate in roles for the prosecution, defense, on the jury or perhaps just observe.

**Event Location details:**

Madison College’s West Campus

302 S. Gammon Road, Room 110

February 20, 2014 9:00am - noon

All proceeds from the event will go to help finance a student educational trip to Zurich, Switzerland in May 2014.
