1. Tri-County Basketball

Philosophy
The philosophy of Tri-County basketball is to provide an opportunity for girls to compete against teams from other communities. The league will promote positive values, fair play, sportsmanship and competition based on ability, grade levels, and community request.

Divisions
The Commissioner and Community Representatives will assign the teams into divisions based on geography and competitive experience. For any community entering a 6th, 7th, or 8th grade team, it will be required to enter at least one team in the American League (more competitive) unless it receives approval from the Commissioner.

2. Leagues

American League
Designed for those players who are either more talented or have had more exposure to leagues, camps, tournaments, etc.

National League
Designed for those players who are either new to the game, or have limited exposure. It may also serve the needs of players that have played before, but do not have the size or ability (at this point in time) to play in the American League.

4th Grade
Teams may be split geographically into American and National divisions based on requests.

5th, 6th, 7th, & 8th Grade
Teams will be divided into American and National divisions based on talent and competitive experience. If a team wins their league, they must move up to the next highest level the following year. If a community rep would like to dispute this, a special request form may be submitted to the Tri-County Commissioner.

Request for a League
A MANDATORY Community Representative Meeting on Sunday, September 30th, will be the process to figure out league placement. If a community does not have a representative at the meeting, then the Tri-County Commissioner will make the final decision on where those teams are placed.

If a community only has one team in a grade level, that team is not required to be in the American League if they cannot compete at that level. Community Reps are responsible for communicating this information to the Commissioner.

New communities must apply for admission to the league by August 1st of current year.
3. Conference Structure

Community
A community will be defined as a high school attendance area, a unit of government within the attendance area, or a primary school attendance area. The Commissioner must approve all community compositions.

Players from communities that don’t participate in Tri-County should play for the closest community that does participate.

School Choice
A written request must be submitted to the Commissioner if there is a conflict with the athlete playing in the community they are from. The Commissioner will handle each case on an individual basis after talking to the Community Representatives involved. Parochial School students must play with the community that their home address is in.

Violations
Any team found in violation of their declared and approved community composition will forfeit all remaining league games, will not be allowed to participate in the season end tournament, will forfeit all awards earned for the current season, and will forfeit all fees paid to the Conference. In addition, the community will have to re-apply for admission for ALL grades for the following year.

Community Representatives
Each community will designate one representative to serve as their Community Representative. Each Representative will have a vote on issues that come before the Conference Commission. Other duties of the Community Representative include:

- Be responsible for registering teams in their community
- Attend Conference Commission meetings
- Educate coaches on conference rules and policies – Particularly the “Zero Tolerance” policy
- Liaison between the coach and the Conference Commissioner
- Promote sportsmanship and exemplary behavior

Failure to provide two (2) WIAA officials may result in a forfeiture of the contest. All infractions of this rule must be reported to the Commissioner, in writing, no later than five days after the contest. All coaches should contact their Community Representative concerning any problems with officials. Community Representatives are encouraged to evaluate officials regularly.

** Scorers and Timers**

Each team will provide one person for the score table; one individual will be in charge of running the clock and the other individual will be in charge of keeping the scorebook. Volunteers must be at least 14 years of age. All game personnel must remain neutral during all regular season and tournament games.

8. Rules

- **All WIAA rules will be enforced unless noted**

**Coaches**

All grade levels will use an official regulation size women’s basketball

**Grade Specific Rules**

**4th & 5th Grade**

1) **Free Throws** – Players may start with any portion of their foot touching the free throw line and they may step into the lane with their follow through. The shooter cannot be the **first** player to touch the ball on the rebound.

2) Lane violations will be 4 seconds rather than 3 seconds.

3) **Only half-court person-to-person defense will be permitted.** Once the defending team gains control of the ball the opposing team must immediately retreat to half-court to defend their basket; after the ball changes possession the defense cannot touch the ball in the back-court;

4) A defensive player may pick up their opponent at half-court but will not be required to play defense until their opponent enters the three point arc in the front-court;

5) **Double-teaming** is not allowed unless the offensive player comes to the defense and the defense does not initiate the double-team (half-court trap); a team will be allowed to provide **help defense in the lane** provided it is not construed to be a zone;

6) **Absolutely no zone defenses**, formal (e.g., 1-2-2) or informal (i.e. sagging so far off the offensive player that it becomes unclear who the defensive player is guarding) are allowed at any time;

7) The penalty for initiating a double-team, or zone defense, will be one team warning. Thereafter, a technical foul will be assessed to the team which will not count towards the bench;

8) **During the last two minutes of the game**: full court pressing, either zone or person-to-person shall be allowed by either team; double-teaming of an offensive player shall be allowed; and zone defenses in the front-court shall be allowed.

**6th Grade**

Full court press will be allowed until 20 points ahead. At that time, the team ahead must drop back to half-court defense.

**4th, 5th, 6th, 7th, 8th, Grade**

All technical fouls will result in an automatic two points for the other team, and possession of ball.

All WIAA rules will be enforced unless noted!
Lopsided Scores
A team ahead by 20 points will not be allowed to press in the backcourt. Once a team is ahead by 30 points, the score will be removed from the scoreboard and the clock will run continuously except for timeouts, injuries, and free throws. These procedures apply, even if the losing team closed the gap to less than thirty points. The scorekeeping personnel will be responsible for keeping the official score book in this situation.

Technical Fouls
All technical fouls should be reported by the opposing coach or site supervisor to the Community Representative who should report to the Commissioner.

Uniform Numbering
Uniforms must be numbered in the front & back. Numbers do not have to be the same color. Shirts worn under jersey must be the same color as the jersey. Violation of this rule will result in ONE technical foul for the team.

All levels will receive up to twelve (12) participation t-shirts, per the team roster. Additional shirts may be purchased in advance for $7.00 each.

Regular Season
The conference will sponsor individual trophies for the first place team in each division during the regular season at each grade level. If teams do not play everyone in their league twice, records will be done based on the first time through the league. In the event of a tie, head to head competition will determine the first place team. If that will not determine a winner, additional trophies will be awarded with the tie-placing teams sharing the additional costs.

Tournament Play
The conference will sponsor individual trophies for teams finishing first and individual medals for those finishing second and third. A maximum of twelve awards will be presented.

10. Conduct
All coaches, players, and spectators are expected to abide by the Conference Code of Conduct. Violations of the Code of Conduct must be reported, in writing, to the Commissioner. Any coach, player, or spectator found in violation of the Code of Conduct or the “Zero Tolerance” policy will be subject to league consequences.

Coaches are expected to promote good sportsmanship and to monitor the conduct of their players and spectators. Referees have the authority to assess technical fouls on coaches, players, and spectators. Coaches are expected to assist game officials with players and spectators not abiding by the Code of Conduct.

Players, coaches, or spectators ejected from the contest for violating any provision of the Code of Conduct have two (2) minutes to leave the gymnasium area or the contest will be forfeited to the opposing team. Players and coaches ejected for fighting will not be allowed to participate in the next conference contest. At the tournament level, players and coaches who are ejected for fighting will be ineligible for the remainder of the tournament.
The Tri-County Conference will not tolerate harassment, taunting, profanity, or racial comments directed towards coaches, players, officials, scorers, timers, or spectators. People found in violation of this policy will be subject to discipline by the Tri-County Commissioner.
