Radiography Program Effectiveness Data

National Credentialing exam (ARRT) pass rate, five (5) year summary:
• January 2009-December 2013
• 90 first-time candidates/examinees total
• 2 examinees failed
• 98% first-time pass rate
• Data from American Registry of Radiologic Technologists (ARRT)

Program Completion Rate:
• 2013 enrollment statistics:
  • First year student: 23 enrolled, 22 continuing (96%)
  • Second year students: 18 enrolled, 17 graduated (94%)
• Data complied annually by Madison College

Job Placement Rate, five-year average summary:
• January 2009 to December 2013
• 74 out of 75 graduates (actively seeking employment) employed in Radiologic Sciences within six (6) months
• 98 % average during five (5) year period.
• Data compiled by Madison College annually
• Statistics based on the number of students who actively sought employment after graduation. In accordance with the Joint Review Committee on Education in Radiologic Technology (JRCERT), Standard 5.2, the definition of ‘actively sought employment’ is:

Job placement rate is defined as the number of graduates employed in the radiologic sciences compared to the number of graduates actively seeking employment in the radiologic sciences. The JRCERT has defined not actively seeking employment as: 1) graduate fails to communicate with program officials regarding employment status after multiple attempts, 2) graduate is unwilling to seek employment that requires relocation, 3) graduate is unwilling to accept employment due to salary or hours, 4) graduate is on active military duty, and/or 5) graduate is continuing education.
