Attend a 3-hour Session
“Preparing Participants for the Interest Based Problem Solving Process”

| Thursday, February 12 | 1:00 – 4:00 pm | DTEC D240 |

The 3-hour learning event is an opportunity to deepen your understanding of what makes Interest Based Problem Solving effective for solving problems collaboratively. You will have opportunities to practice distinguishing between interests and positions which greatly increases the potential to generate successful solutions. The 3-hour learning event can be customized for your program or department.

Please register via the CETL website.
