Your Madison Area Technical College Student Computer Account gives you access to many important resources. You must first create (activate) your individual student computer account in order to use a campus computer, Blackboard, myMadisonCollege, your home directory (H drive), student email or access the library databases from off-campus. You will be assigned a User ID (username) that is unique to each person and you will be able to choose or reset your own password.

To create your account or reset your password:

1. Go to the myMadisonCollege web page using one of these methods:
   • If you are off-campus or already logged in at Madison College:
     From the college homepage http://madisoncollege.edu, Select “myMadisonCollege”.
   OR
   • If you are on-campus and need to login temporarily:
     From any Madison College computer workstation, at the login screen,
     Type newuser in the Username field,
     Type newuser in the password field,
     Click OK, and follow the onscreen directions.

2. Click on a browser and the myMadisonCollege web page will open. Under Sign On, Select New Student? Set up Access Now. If you need to reset your password, select Change or reset your password.

3. You will be directed to Step 1 of the process. Read the agreement and acknowledge your acceptance by clicking the “I agree” button at the bottom of the page. Follow the on-screen directions to continue the process. Be ready to type in your One Card / Student ID number or your Social Security number to verify your identity.

4. Be sure to make a note of your User ID (username) and password. To reset your password, you will need to remember the exact answer to your secret question. Prevent unauthorized use of your personal information! Be sure to always log off before leaving a computer and don’t share your username and password.

Help or Questions?
For questions regarding the use of the Student Center functionality, or to change your student information, please contact the Enrollment Center at (608) 246-6210 or AskMadisonCollege by clicking on ?asi at the top of any college webpage.

For help resolving technical issues, please contact the Technology Services Help Desk at (608) 246-6666 OR visit the Student Computer Help Desk which is located in the Truax Library Computer Lab (608) 243-4444.
