NEW STATE INSURANCE COMMISSIONER TO SPEAK AT MADISON COLLEGE

Health care reform. Regulatory changes. Talent shortages. These are the key issues facing Wisconsin’s insurance industry, which is expected to grow by 11 percent through the year 2016.

In response to these challenges, Madison Area Technical College’s West campus is presenting the Executive Symposium “Building Tomorrow’s Insurance Industry” on Wednesday, March 23. Ted Nickel, Wisconsin’s new commissioner of insurance, will be the keynote speaker.

“Wisconsin has a thriving insurance industry, but times are changing and companies are devising new strategies to adapt to regulatory changes and to prepare for a looming talent shortage,” says Martha Lester-Mittenzwei, director of the insurance and risk management certificate program at Madison College.

This event is by invitation only. Seating is limited. Continuing education credits are pending for insurance professionals.
